

Technicians Attached to a Labour Designation

Last Modified on 07/18/2017 3:28 pm EDT

The technicians attached to a designation are stored in tblbill:

- TblInvmas.product_code = tblBill.parent_code (for the designation)
- tblBill.product_code = tblinvmas.product_code (for the technician)
- tblbill.contactid links the tech in the contact table

The query below will show ALL techs attached to AVTECH designation.

**** Change the AVTECH to the name of the designation you want to report on ****

```
DECLARE @MyProd Varchar(8) = 'AVTECH'
```

```
select
    c.ContactName AS [CONTACT NAME],

    c.FirstName AS [FIRSTNAME],

    c.MidName AS [MIDDLE NAME],

    c.Surname AS [SURNAME],

    c.Adr1 AS [ADDRESS 1],

    c.Adr2 AS [ADDRESS 1],

    c.Adr3 AS [ADDRESS 1],

    c.State AS [STATE],

    c.Country AS [COUNTRY],
```

c.Postcode AS [POSTAL CODE],

c.Email AS [EMAIL]

from tblbill b

left outer join tblcontact c on c.id = b.contactid

Where (b.parent_code = @MyProd)

Order By c.contactname

/* The query below will show all FREELANCE techs attached to a designation.

Change the AVTECH to the name of the designation you want to report on

*/

DECLARE @MyProd Varchar(8) = 'AVTECH'

select

c.ContactName AS [CONTACT NAME],

c.FirstName AS [FIRSTNAME],

c.MidName AS [MIDDLE NAME],

c.Surname AS [SURNAME],

c.Adr1 AS [ADDRESS 1],

c.Adr2 AS [ADDRESS 1],

c.Adr3 AS [ADDRESS 1],

c.State AS [STATE],

c.Country AS [COUNTRY],

c.Postcode AS [POSTAL CODE],

c.Email AS [EMAIL]

from tblbill b

left outer join tblcontact c on c.id = b.contactid

Where (b.parent_code = @MyProd and c.bFreeLanceContact = 1)

Order By c.contactname
